Exercises

There will be eight (8) exercises throughout the term. Five (5) of the 8 will count toward the final course grade. Significant work on these can and will be done in-class. More details will be provided for each exercise.

Paper/Project

A significant part of the grade in PSY 511 is a [final paper or project](#).

The paper or project can take on a number of forms, depending on a student's scholarly interests.

A 1-2 page project proposal, worth five (5) points, will be due before Spring Break. The final project submission will be due during finals week.
